

## DISCLAIMER STATEMENT

The *USAO General Catalog* is published for informational purposes and should not be construed as the basis of a contract between a student and the University of Science and Arts of Oklahoma. Every effort is made to provide information that is accurate at the time the catalog is prepared.

However, information concerning the regulations, policies, fees, curricula, courses, and other matters contained in the catalog is subject to change at any time during the period for which the catalog is in effect. USAO reserves the right at all times to discontinue, modify, or otherwise change its degree programs when it determines it is in the best interest of the university to do so. When changes occur in this catalog, or between this catalog and the next, students, working in consultation with their advisors, may choose to meet the requirements of either the catalog in effect at the time of their initial enrollment or the catalog in effect at the time of their graduation. Students who enroll but then leave the college for two consecutive trimesters must follow either the requirements of the catalog in effect at the time of their reenrollment or the one in effect at the time of their graduation. Students may not choose to meet combinations of requirements from two or more catalogs, but reasonable substitutions can be made for altered or discontinued courses.

Academic advisers, department chairs, and academic staff members are available to aid students in understanding the requirements and regulations. Students, however, are responsible for reading and understanding academic policies and procedures as well as academic course requirements. It is also the student's ultimate responsibility to meet them. The responsibility for meeting all graduation requirements rests with the student. Students are encouraged to keep this catalog as a reference, should questions arise.
