#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Discussion and analysis of the University of Science and Arts of Oklahoma's (the "University") financial performance provides an overview of the University's financial activities for the year ended June 30, 2019. Please read it in conjunction with the University's financial statements, which begin on page 4.

#### **Using the Annual Report**

The annual report consists of a series of financial statements. The statements of net position; statements of revenues, expenses, and changes in net position; and statements of cash flows (starting on page 4) provide information about the activities of the University as a whole and present a long-term view of the University's finances.

#### Reporting the University as a Whole

One of the most important questions asked about University finances is, "Is the University as a whole better off or worse off as a result of the year's activities?" The statements of net position and statements of revenues, expenses, and changes in net position report information about the University as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows, liabilities and deferred inflows using the accrual basis of accounting, which is similar to the accounting used by most private sector companies.

These statements report the University's net position and changes in them. You can think of the University's net position – the difference between assets, deferred outflows, liabilities and deferred inflows – as one way to measure the University's financial health, or financial position. Over time, increases or decreases in the University's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in enrollment trends and construction projects, to assess the overall health of the University.

#### The University as a Whole

The University's financial position remained strong, with assets and deferred outflow of \$34,999,062 and liabilities and deferred inflows of \$22,167,971 at June 30, 2019, compared to \$36,417,329 and \$24,375,145 respectively, at June 30, 2018. Net position, which represents the residual interest in the University's assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted, totaled \$12,831,091 at June 30, 2019, as compared to \$12,042,184 at June 30, 2018.

Net position for the University increased \$788,907 during fiscal year 2019 as compared to a decrease of \$238,962 in fiscal year 2018.

Overall, operating revenues were up \$2,101,705 in tuition collections, and Federal and State Grants. Operating expenses are also up primarily in compensation and supplies. Furthermore, non-operating revenues increased \$109,062. Restricted state appropriations for capital purposes decreased \$35,525.

#### **Debt Service**

Oklahoma Capital Improvement Authority Leases

During the year ending June 30, 1999, the Oklahoma Capital Improvement Authority (OCIA), an agency of the State of Oklahoma, entered into a lease agreement with the University to provide funding for various building and capital improvement projects. The lease agreement provides for the University to make specified monthly payments to OCIA over the respective terms of the agreements, which range from 5 to 20 years. These expenditures have been capitalized as investment in plant assets or recorded as noncapitalized expenditures, in accordance with university policy. This debt was refinanced during the year as a series 2014B bond issuance.

During 2005, the University entered into another lease agreement with OCIA which provides for monthly payments to OCIA of a variable amount based on estimated needs to fulfill the related obligations for 24 years through June 10, 2030, or until the OCIA leases and related interest are paid. During 2011, OCIA partially refunded their 2005F bonds and refinanced them as 2010A/B bond issuances. The result of this refinance increased the debt owed on the University's leases in the amount of \$484,236. This amount will be amortized over the remaining life of the loan or \$25,486 per year. The purpose of the refinance was to help provide budgetary relief for OCIA. The proceeds of the bonds and subsequent leases are to provide capital improvements at the University. These expenditures have been capitalized as investment in plant assets or recorded as noncapitalized expenditures, in accordance with university policy.

The OCIA made lease principal and interest payments totaling \$675,143 on behalf of the University. These on-behalf payments have been recorded as revenue in the University's statements of revenues, expenses, and changes in net position.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

#### **Debt Service, Continued**

Oklahoma Development Finance Authority Master Lease Program

During the year ending June 30, 2012, the Oklahoma Development Finance Authority (ODFA), an agency of the State of Oklahoma, entered into a master lease agreement with the University to provide financing for the purchase of Lawson Court from the USAOF, LLC. Interest on the agreement varies from 3.625% to 4.2%. The University is making monthly, annually escalating payments through 2032 under the lease agreement.

The scheduled principal and interest payments related to these leases are as follows:

	Princ	ipal					
	OCIA	OD	FA				Total
	<u>Lease</u>	<u>Le</u>	<u>ase</u>	<u>Ir</u>	<u>nterest</u>	<u>Pa</u>	yments

	\$ 2,550,580	7,87	79,812	3,	216,237	13	3,646,629

#### **Economic Factors and Subsequent Events**

The Oklahoma State Regents of Higher Education accepted a Mission Enhancement Plan (MEP) proposed by the University that recognizes the unique public liberal arts mission of the University. As the first step, the State Regents approved a five-year plan to increase entrance requirements from an ACT of 20 to 24. This change has created a student body that should persist to graduation at a greater rate and achieved a first-year retention rate of 61.4% from Fall 2018 to Fall 2019. The University continues to seek permanent funding for the MEP from the State Regents.

The University and all other state colleges and universities received additional allocations for the fiscal year 2020. These funds are to be dedicated to a 3.5% salary increase for faculty members.

This financial report is designed to provide our citizens, taxpayers, customers, and investors with a general overview of the University's finances and to show the University's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the University of Science and Arts of Oklahoma's Office of Fiscal Affairs at 1727 West Alabama, Chickasha, Oklahoma 73018.

The University of Science and Arts of Oklahoma Foundation, Inc. is a component unit of the University and issues its own separate financial statements. These financial statements can be located at the Office of Fiscal Affairs at 1727 West Alabama, Chickasha, Oklahoma 73018.

#### INDEPENDENT AUDITORS' REPORT

Board of Regents University of Science and Arts of Oklahoma Chickasha, Oklahoma

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the University of Science and Arts of Oklahoma (the "University"), a component unit of the State of Oklahoma, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these basic financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the University's discretely presented component unit, the University of Science and Arts of Oklahoma Foundation, Inc. (the "Foundation"). Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

(Continued)

#### INDEPENDENT AUDITORS' REPORT, CONTINUED

#### Auditors' Responsibility, Continued

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinions**

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the University and its discretely presented component unit, the Foundation, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis on pages i - vi and the schedules of the University's pension and OPEB information as listed in the table of contents and on pages 46 to 49 respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

(Continued)

#### INDEPENDENT AUDITORS' REPORT, CONTINUED

#### Other Matters, Continued

Other Information

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the University's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is not a required part of the basic financial statements. The accompanying schedule of expenditures of state awards is presented for purposes of additional analysis and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2019, on our consideration of the University's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2019

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Nature of Operations**

The University of Science and Arts of Oklahoma (the "University") is a 4-year, state-supported university operating under the jurisdiction of the Board of Regents of the University of Science and Arts of Oklahoma (the "Board of Regents") and the Oklahoma State Regents for Higher Education and is a component unit of the State of Oklahoma and is included in the general-purpose financial statements of the State of Oklahoma as part of the higher education component unit. The University is accredited by the North Central Association of University's and Schools. Federally funded student financial aid programs in which the University participates include the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work Study, Federal Perkins Loans, and Federal Direct Student Loans.

#### **Reporting Entity**

The financial reporting entity, as defined by the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and 34*, consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete.

The University of Science and Arts of Oklahoma Foundation, Inc., (the "Foundation") is reported as a legally separate, tax-exempt component unit of the University. The Foundation provides support for the University through donor support for scholarships, capital projects, and other activities. Scholarships awarded by the Foundation are remitted to the University after the University pays the award recipient. The Foundation's 25-member Board of Trustees is self-perpetuating and consists of graduates and friends of the University. Although the University does not control the timing or amount of receipts from the Foundation, the majority of resources that the Foundation holds and invests are restricted to the activities of the University by the donors. Because these restricted resources held by the Foundation can only be used for the benefit of the University, the Foundation is considered a component unit of the University and is discretely presented in the University's financial statements.

During the year ended June 30, 2019, the Foundation distributed approximately \$1,484,000 to the University for scholarships awarded.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

#### **Reporting Entity, Continued**

The Foundation is a private nonprofit organization that reports under the Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 958, "Not-for-profit Entities." As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the University's financial reporting entity for these differences.

#### **Financial Statement Presentation**

The University's financial statements are presented in accordance with the requirements of GASB Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments (GASB 34), and GASB Statement No. 35, Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities (GASB 35).

Under GASB 34 and GASB 35, the University is required to present a statement of net position classified between current and noncurrent assets and liabilities; a statement of revenues, expenses, and changes in net position with separate presentation for operating and non-operating revenues and expenses; and a statement of cash flows using the direct method.

#### **Basis of Accounting**

For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

#### **Deposits and Investments**

The University accounts for its investments, outside of the State Treasurer's cash management program, at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application. In accordance with GASB Statement No. 40, Deposit and Investment Risk Disclosures (GASB 40), the University has disclosed its deposit and investment policies related to the risks identified in GASB 40. Changes in unrealized gains (losses) on the carrying values of investments are reported as a component of investment income in the statements of revenues, expenses, and changes in net position. Investments that are externally restricted to make debt service payments, maintain sinking or reserve funds, or purchase capital or other noncurrent assets are classified as restricted assets in the statements of net position.

As noted above, investments are recorded at fair value, as determined by quoted market prices. In accordance with generally accepted accounting principles (GAAP) authoritative guidance on fair value measurements and disclosures, the University's investments measured and reported at fair value are classified according to the following hierarchal input levels:

Level 1—Unadjusted quoted prices in active markets for identical assets.

Level 2—Quoted prices for similar assets, or inputs that are observable or other forms of market corroborated inputs.

Level 3—Pricing based on best available information, including primarily unobservable inputs and assumptions market participants would use in pricing the asset.

In addition to the above three levels, if an investment does not have a readily determined fair value, the investment can be measured using net asset value (NAV) per share (or its equivalent). Investments valued at NAV are categorized as NAV and not listed as Level 1, 2, or 3. At June 30, 2019, the University had no investments.

#### **Cash Equivalents and Investment Income**

The University considers all liquid investments with original maturities of 3 months or less to be cash equivalents. Investment income consists primarily of interest earned on these cash equivalents.

#### **Restricted Cash**

Cash and investments that are externally restricted to make debt service payments, maintain sinking or reserve funds, make long-term student loans, or to purchase capital or other noncurrent assets, are classified as restricted cash in the statements of net position.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

#### **Accounts and Contracts Receivable**

The University's accounts receivable primarily relate to tuition and fee charges to students and to auxiliary enterprise services provided to students, faculty and staff. Other receivables relate to reimbursements of expenditures from various federal, state, and private sources. Receivables are carried at original amounts less an estimate made for doubtful receivables based on a review of all outstanding amounts. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Receivables are written-off when deemed uncollectible. Recoveries of receivables previously written-off are recorded as revenue when received.

#### **Capital Assets**

Capital assets are recorded at cost on the date of acquisition or fair value if acquired by gift, net of accumulated depreciation. The University's capitalization policy includes all items with a unit cost of \$2,500 or more, and an estimated useful life of greater than 1 year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of each asset. The following estimated useful lives are being used by the University:

Land improvements20 yearsBuildings45 yearsFurniture, fixtures and equipment5 yearsInfrastructure30 yearsLibrary materials15 years

#### **Compensated Absences**

Employees with over 5 years of employment with the University are allowed to accumulate up to 480 hours of vacation time. Employees with less than 5 years of employment are allowed to accumulate up to 240 hours of vacation time. The liability for vacation time is recorded at year-end as accrued compensated absences in the statements of net position, and as a component of compensation and benefit expense in the statements of revenues, expenses, and changes in net position.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

#### **Noncurrent Liabilities**

Noncurrent liabilities include (1) principal amounts of revenue bonds payable and capital lease obligations with contractual maturities greater than 1 year, (2) estimated amounts for accrued compensated absences and other liabilities that will not be paid within the next fiscal year, and (3) net pension liability.

#### **Income taxes**

The University, as a component unit of the State of Oklahoma, is exempt from federal and state income taxes under Section 115(1) of the Internal Revenue Code (IRC), as amended, and a similar provision of state law.

#### **Net Position**

The University's net position is classified as follows:

*Net investment in capital assets:* This represents the University's total investment in capital assets, net of accumulated depreciation and outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted—nonexpendable: Nonexpendable restricted net position consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted—expendable: Restricted expendable net position include resources in which the University is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

*Unrestricted:* Unrestricted net position represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the University, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense towards restricted resources, and then towards unrestricted resources.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

#### **Classification of Revenues**

The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) certain federal, state, and local grants and contracts and federal appropriations, and (4) interest on institutional student loans.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting, and GASB No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, such as state appropriations and investment income.

#### **Scholarship Discounts and Allowances**

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs, are recorded as either operating revenues or nonoperating revenue in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

#### **Deferred Outflows of Resources**

Deferred outflows of resources are the consumption of net position by the University that are applicable to a future reporting period. As of June 30, 2019, the University's deferred outflows were comprised of deferred charges on an OCIA lease restructure of \$280,347 and \$2,067,102 related to pensions as required by GASB Statement No. 68, Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68 and \$15,377 related to OPEB as required by GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (GASB 75).

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

#### **Deferred Inflows of Resources**

Deferred inflows of resources are the acquisition of net position by the University that are applicable to a future reporting period. As of June 30, 2019, the University's deferred inflows were comprised of deferred credits on service contracts of \$100,000 and \$1,527,244 related to pension and OPEB as required by GASB No. 68 and GASB 75.

#### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Teachers Retirement System (OTRS) and additions to/deductions from OTRS's fiduciary net position have been determined on the same basis as they are reported by OTRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **New Accounting Pronouncements**

New Accounting Pronouncements Adopted

In November 2016, GASB issued Statement No. 83, Certain Asset Retirement Obligations (GASB 83). GASB 83 provides accounting and reporting requirements for certain asset retirement obligations (ARO) that arise from legally enforceable liabilities associated with the retirement of certain tangible capital assets. ARO's require an internal and external obligating event and the costs to be reasonable estimable for the incurrence of such a liability. The University adopted GASB 83 effective July 1, 2018, for the June 30, 2019, reporting year. The implementation of GASB 83 did not have a significant impact on the financial statements.

In March 2018, GASB issued Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements (GASB 88). GASB 88 provides certain clarifications regarding debt as a liability and identifies additional required disclosures related to debt, including direct borrowings and direct placements of debt. The University adopted GASB 88 on July 1, 2018, for the June 30, 2019, reporting year. The implementation of GASB 88 did not have a significant impact on the financial statements.

In June 2018, GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period (GASB 89). GASB 89 directs that interest costs incurred during the construction period of an asset be expensed in the period incurred. GASB 89 changes previous guidance regarding capitalized construction costs where such costs were typically included in the capitalized cost of the asset constructed and depreciated over time. The University adopted GASB 89 on July 1, 2018, for the June 30, 2019, reporting year. The implementation of GASB 89 did not have a significant impact on the financial statements.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED</u>

#### **New Accounting Pronouncements, Continued**

New Accounting Pronouncements Not Yet Adopted

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities* (GASB 84). GASB 84 improves guidance regarding the recognition and reporting of fiduciary activities. GASB 84 identifies four types of reportable fiduciary fund types, including 1) pension (and other employee benefit) trust funds, 2) investment trust funds, 3) private-purpose trust funds, and 4) custodial funds. GASB 84 outlines the accounting and disclosure requirements for operating structures that qualify as a fiduciary activity. The University will adopt GASB 84 effective July 1, 2019, for the June 30, 2020, reporting year. The University has not determined the impact of GASB 84 on the financial statements.

In June 2017, GASB issued Statement No. 87, *Leases* (GASB 87). GASB 87 defines a lease as a contract that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. GASB 87 improves accounting and financial reporting for leases by governments by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The University has not determined the impact of GASB 87 on the financial statements.

In August 2018, GASB issued Statement No. 90, *Majority Equity Interest* (GASB 90). GASB 90 improves the consistency and comparability of reporting government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The University will adopt GASB 90 effective July 1, 2019, for the June 30, 2020, reporting year. The University does not expect GASB 90 to have a significant impact on the financial statements.

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations* (GASB 91). GASB 91 provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligation, and (3) related note disclosures. The University will adopt GASB 91 effective July 1, 2021, for the June 30, 2022, reporting year. The University does not expect GASB 91 to have a significant impact on the financial statements.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (2) <u>CASH AND CASH EQUIVALENTS</u>

#### **Custodial Credit Risk—Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the University's deposits may not be returned to it. The University's deposit policy for custodial credit risk is described as follows:

Oklahoma Statutes require the State Treasurer to ensure that all state funds either be insured by Federal Deposit Insurance, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. government obligations. The University's deposits with the State Treasurer are pooled with the funds of other State agencies and then, in accordance with statutory limitations, placed in financial institutions or invested as the Treasurer may determine, in the State's name.

The University requires that balances on deposit with financial institutions be insured by Federal Deposit Insurance or collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. Government obligations, in the University's name.

The carrying amount and related bank balances of the University's deposits held by the State Treasurer was \$6,610,723 at June 30, 2019.

Some deposits with the State Treasurer are placed in the State Treasurer's internal investment pool *OK INVEST*. *OK INVEST* pools the resources of all state funds and agencies and invests them in (a) U.S. treasury securities which are explicitly backed by the full faith and credit of the U.S. government; (b) U.S. agency securities which carry an implicit guarantee of the full faith and credit of the U.S. government; (c) money market mutual funds which participates in investments, either directly or indirectly, in securities issued by the U.S. treasury and/or agency and repurchase agreements relating to such securities; and (d) investments related to tri-party repurchase agreements which are collateralized at 102% and, whereby, the collateral is held by a third-party in the name of the State Treasurer.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (2) <u>CASH AND CASH EQUIVALENTS, CONTINUED</u>

## Custodial Credit Risk—Deposits, Continued

Of funds on deposit with the State Treasurer, amounts invested in *OK INVEST* total \$5,299,585 at June 30, 2019.

For financial reporting purposes, deposits with the State Treasurer that are invested in *OK INVEST* are classified as cash equivalents. At June 30, 2019, the distribution in *OK INVEST* was as follows:

OK INVEST Portfolio	<u>Cost</u>		Market Value	
U.S. agency securities	\$	1,621,873	1,631,930	
Money market mutual fund		520,964	520,964	
Certificates of deposit		115,738	115,738	
Mortgage-backed agency securities		2,103,330	2,147,137	
Municipal bonds		9,302	9,712	
Foreign bonds		21,683	21,350	
U.S. Treasury obligations		841,726	852,754	
	\$	5,234,616	5,299,585	

Agencies and funds that are considered to be part of the State's reporting entity in the State's Comprehensive Annual Financial Report are allowed to participate in *OK INVEST*. Oklahoma statutes and the State Treasurer establish the primary objectives and guidelines governing the investment of funds in *OK INVEST*. Safety, liquidity, and return on investment are the objectives which establish the framework for the day to day *OK INVEST* management with an emphasis on safety of the capital and the probable income to be derived and meeting the State and its funds and agencies' daily cash flow requirements. Guidelines in the State Treasurer's Investment Policy address credit quality requirements, diversification percentages and specify the types and maturities of allowable investments. The specifics regarding these policies can be found on the State Treasurer's website at <a href="http://www.treasurerstate.ok.us/">http://www.treasurerstate.ok.us/</a>. The State Treasurer, at his discretion, may further limit or restrict such investments on a day to day basis. *OK INVEST* includes a substantial investment in securities with an overnight maturity as well as in U.S. government securities with a maturity of up to 10 years. *OK INVEST* maintains an overall weighted average maturity of no more than 4 years.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (2) <u>CASH AND CASH EQUIVALENTS, CONTINUED</u>

#### Custodial Credit Risk—Deposits, Continued

Participants in *OK INVEST* maintain an interest in its underlying investments and, accordingly, may be exposed to certain risks. As stated in the State Treasurer information statement, the main risks are interest rate risk, credit/default risk, liquidity risk, and U.S. government securities risk.

- Credit/default risk is the risk that an issuer or guarantor of a security, or a bank or other financial institution that has entered into a repurchase agreement, may default on its payment obligations.
- Liquidity risk is the risk that OK INVEST will be unable to pay redemption proceeds within the stated time period because of unusual market conditions, an unusually high volume of redemption requests, or other reasons.
- U.S. governmental securities risk is the risk that the U.S. government will not provide
  financial support to U.S. government agencies, instrumentalities, or sponsored enterprises
  if it is not obligated to do so by law. Various investment restrictions and limitations are
  enumerated in the State Treasurer's Investment Policy to mitigate those risks; however,
  any interest in OK INVEST is not insured or guaranteed by the State, the FDIC, or any other
  government agency.

#### **Interest Rate Risk**

The University does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Cash equivalents on deposit with trustees at June 30, 2019, totaled \$85,416 and consisted of U.S. government securities money market mutual funds held by trustees in a reserve fund and a principal and interest fund related to capital lease payables. There are no significant differences between cost and market value. These mutual funds are not classifiable by custodial credit risk category as they are not evidenced by securities that exist in physical or book entry form.

Cash equivalents on deposit with the Oklahoma State Regents' Endowment Trust fund at June 30, 2019, totaled \$298,152. The Oklahoma State Regents for Higher Education holds for the University endowed gifts totaling \$3,385,661. Any earnings distributed are to be used for the University's activities associated with the endowment program.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (2) <u>CASH AND CASH EQUIVALENTS, CONTINUED</u>

## **Interest Rate Risk, Continued**

At June 30, 2019, the remaining cash balances consisted of deposits of \$184,744 at two investment companies and \$3,150 of petty cash funds held at the University.

The above cash and cash equivalents are included in the June 30, 2019, statements of net position as follows:

Cash and cash equivalents	\$ 5,145,007
Restricted cash and cash equivalents	1,773,820
Noncurrent assets:	
Restricted cash and cash equivalents	 263,358
	\$ 7,182,185

#### (3) <u>ACCOUNTS AND CONTRACTS RECEIVABLE</u>

Accounts and contracts receivable consisted of the following at June 30, 2019:

Student tuition and fees	\$ 1,190,511
Auxiliary enterprises and other operating activities	 621,886
Less: allowance for doubtful accounts	 1,812,397 (1,449,918)
	\$ 362,479

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (4) <u>LOANS RECEIVABLE</u>

Student loans made through the Federal Perkins Loans Program (the "Program") comprise all of the loans receivable at June 30, 2019.

The Program provides for cancellation of a note at rates of 15% to 30% per year up to a maximum of 100% if the participant complies with certain provisions. The federal government reimburses the University's loan funds for amounts cancelled under these provisions.

As the University determines loans are uncollectible and not eligible for reimbursement by the federal government, the loans are written off and assigned to the U.S. Department of Education.

The University had a \$70,247 loan balance outstanding at June 30, 2019. The University provided an allowance for uncollectible loans which, in management's opinion, is sufficient to absorb loans that will ultimately be written off. The allowance for uncollectible loans was \$70,247 at June 30, 2019.

#### (5) <u>FUNDS HELD IN TRUST BY OTHERS</u>

#### **Beneficial Interest in State School Land Funds**

The University has a beneficial interest in the "Section Thirteen Fund State Educational Institutions" and the "New University Fund," administered by the Commissioners of the Land Office, as trustees for the various educational institutions entitled thereto. The University has the right to receive annually approximately 3.75% of the distributions of income produced by "Section Thirteen Fund State Educational Institutions" assets and 100% of the distributions of income produced by the University's "New University Fund." The University received \$1,081,182 during the year ended June 30, 2019, which is restricted to the construction or acquisition of buildings, equipment, or other capital items. These amounts are recorded as state appropriations restricted for capital purposes in the statements of revenues, expenses, and changes in net position. State law prohibits the distribution of any corpus of these funds to the beneficiaries. The total trust reserve for the University held in trust by the Commissioners of the Land Office, on the market value basis, was \$20,699,768 at June 30, 2019.

#### Oklahoma State Regents Endowment Trust Fund

In connection with the Oklahoma State Regents' Endowment Program (the "Endowment Program"), the State of Oklahoma has matched contributions received under the Endowment Program. The State match amounts, plus any retained accumulated earnings, totaled \$3,385,661 and is invested by the Oklahoma State Regents on behalf of the University. The University is entitled to receive an annual distribution of 5% of the market value at year end on these funds. As legal title of the State Regents matching endowment funds is retained by the Oklahoma State Regents, only the funds available for distribution of \$298,152 have been reflected as assets in the statements of net position as of June 30, 2019.

## NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (6) <u>CAPITAL ASSETS</u>

A summary of the changes in capital assets for the year ended June 30, 2019, is as follows:

	Balance				Balance
	June 30, 2018	<u>Additions</u>	<u>Disposals</u>	<u>Transfers</u>	June 30, 2019
Nondepreciable capital assets Land	\$ 275,619		16,649		258,970
Total nondepreciable capital assets	275,619		16,649		258,970
Depreciable capital assets					
Buildings	34,598,384	60,364	-	-	34,658,748
Infrastructure and improvements	3,843,871	80,506	-	-	3,924,377
Furniture, fixtures, and equipment	10,445,493	364,104	-	-	10,809,597
Library materials	3,331,918				3,331,918
Total depreciable capital assets	52,219,666	504,974			52,724,640
Accumulated depreciation:					
Buildings	14,685,154	1,248,075	-	-	15,933,229
Infrastructure and improvements	2,002,246	70,133	-	-	2,072,379
Furniture, fixtures, and equipment	6,711,819	397,655	-	-	7,109,474
Library materials	2,785,568	87,442			2,873,010
Total accumulated depreciation	26,184,787	1,803,305			27,988,092
Capital assets, net	\$ 26,310,498	(1,298,331)	16,649		24,995,518

At June 30, 2019, the cost and related accumulated depreciation of assets held under capital lease obligations was as follows:

	<u>Buildings</u>	<u>Infrastructure</u>	<u>Equipment</u>	<u>Total</u>
Cost Less:	\$ 16,205,318	1,269,950	3,977,079	21,452,347
Accumulated depreciation	5,618,114	1,058,292	3,865,314	10,541,720
	\$ 10,587,204	211,658	111,765	10,910,627

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (7) <u>LONG-TERM LIABILITIES</u>

Long-term liability activity for the year ended June 30, 2019, is as follows:

					Amounts
	Balance			Balance	Due Within
	June 30, 2018	<u>Additions</u>	Reductions	<u>June 30, 2019</u>	One Year
Capital leases Accrued	\$ 11,455,674	-	(1,025,282)	10,430,392	548,500
compensated absences	322,615	81,136	(99,116)	304,635	99,116
Total long-term liabilities	\$ 11,778,289	81,136	(1,124,398)	10,735,027	647,616

Additional information regarding capital lease obligations is included in Note 8.

#### (8) CAPITAL LEASES

#### Oklahoma Capital Improvement Authority Leases

During the year ending June 30, 1999, the Oklahoma Capital Improvement Authority (OCIA), an agency of the State of Oklahoma, entered into a lease agreement, bond series 1999, with the University to provide funding for various building and capital improvement projects. The lease agreement provides for the University to make specified monthly payments to OCIA over the respective terms of the agreements, which range from 5 to 20 years. These expenditures have been capitalized as investment in plant assets or recorded as noncapitalized expenditures, in accordance with the University's policy. In 2004, the OCIA issued bond series 2004A that refunds a significant portion of the 1999 bonds. In 2015, the University's remaining 2004A lease agreement with OCIA was restructured through a complete refunding of the series 2004A bonds. OCIA issued new bonds, series 2014B, to accomplish the refunding.

During 2005, the University entered into another lease agreement with OCIA, the series 2005F, which provides for monthly payments to OCIA of a variable amount based on estimated needs to fulfill the related obligations for 24 years through June 10, 2030, or until the OCIA leases and related interest are paid. During 2011, OCIA partially refunded their 2005F bonds and refinanced them as 2010A/B bond issuances. The result of this refinance increased the debt owed on the University's leases in the amount of \$484,236. This amount will be amortized over the remaining life of the loan or \$25,486 per year. The purpose of the refinance was to help provide budgetary relief for OCIA. During 2014, OCIA partially refunded their 2005F bonds and refinanced them as 2014A bond issuances. The proceeds of the bonds and subsequent leases are to provide capital improvements at the University. These expenditures have been capitalized as investment in plant assets or recorded as noncapitalized expenditures, in accordance with the University's policy.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (8) <u>CAPITAL LEASES, CONTINUED</u>

#### Oklahoma Capital Improvement Authority Leases, Continued

The State of Oklahoma made lease principal and interest payments totaling \$675,143 on behalf of the University to OCIA. These on-behalf payments have been recorded as revenue in the University's statements of revenues, expenses, and changes in net position.

## Oklahoma Development Finance Authority Master Lease Program

During the year ending June 30, 2012, the Oklahoma Development Finance Authority (ODFA), an agency of the State of Oklahoma, entered into a master lease agreement, the series 2011F, with the University to provide financing for the purchase of Lawson Court from the USAOF, LLC. Interest on the agreement varies from 3.625% to 4.200%. The University is making monthly, annually escalating payments through 2032 under the lease agreement.

The scheduled principal and interest payments related to these leases at June 30, 2019, are as follows:

	Principal				
		OCIA	ODFA		Total
		<u>Lease</u>	<u>Lease</u>	<u>Interest</u>	<u>Payments</u>
	_				
2020	\$	38,179	510,321	401,591	950,091
2021		-	520,321	387,718	908,039
2022		-	535,321	373,805	909,126
2023		234,200	545,321	358,818	1,138,339
2024		246,104	560,321	330,883	1,137,308
2025-2029		1,382,916	3,126,605	1,147,891	5,657,412
2030–2032		649,181	2,081,602	215,531	2,946,314
	\$	2,550,580	7,879,812	3,216,237	13,646,629

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (9) <u>EMPLOYEE RETIREMENT PROGRAMS</u>

#### Oklahoma Teachers' Retirement System

Substantially all of the University's academic and nonacademic personnel are covered by the Oklahoma Teachers' Retirement System (OTRS), which is a State of Oklahoma public employee retirement system. Certain eligible employees also participate in a 403(b) defined contribution benefit plan. The University does not maintain the accounting records of, hold the investments for, or administer the OTRS plan.

*Plan Description*—The University, as the employer, participates in the Oklahoma Teachers Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Teachers Retirement System (OTRS). Title 70 O. S. Sec. 17-105 define all retirement benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at <a href="https://www.ok.gov/TRS">www.ok.gov/TRS</a>.

*Benefits Provided*—OTRS provides retirement, disability, and death benefits to members of the plan. Benefit provisions include:

- Members become 100% vested in retirement benefits earned to date after 5 years of credited Oklahoma service. Members who joined the System on June 30, 1992, or prior are eligible to retire at maximum benefits when age and years of creditable service total 80. Members joining the System after June 30, 1992, are eligible for maximum benefits when their age and years of creditable service total 90. Members whose age and service do not equal the eligible limit may receive reduced benefits as early as age 55, and at age 62 receive unreduced benefits based on their years of service. The maximum retirement benefit is equal to 2% of final compensation for each year of credited service.
- Final compensation for members who joined the System prior to July 1, 1992, is defined as the average salary for the 3 highest years of compensation. Final compensation for members joining the System after June 30, 1992, is defined as the average of the highest 5 consecutive years of annual compensation in which contributions have been made. The final average compensation is limited for service credit accumulated prior to July 1, 1995, to \$40,000 or \$25,000, depending on the member's election. Monthly benefits are 1/12 of this amount. Service credits accumulated after June 30, 1995, are calculated based on each member's final average compensation, except for certain employees of the 2 comprehensive universities. Upon the death of a member who has not yet retired, the designated beneficiary shall receive the member's total contributions plus 100% of interest earned through the end of the fiscal year, with interest rates varying based on time of service. A surviving spouse of a qualified member may elect to receive, in lieu of the aforementioned benefits, the retirement benefit the member was entitled to at the time of death as provided under the Joint Survivor Benefit Option.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (9) <u>EMPLOYEE RETIREMENT PROGRAMS, CONTINUED</u>

#### Oklahoma Teachers' Retirement System, Continued

Benefits Provided, Continued —

- Upon the death of a retired member, the System will pay \$5,000 to the designated beneficiary, in addition to the benefits provided for the retirement option selected by the member.
- A member is eligible for disability benefits after 10 years of credited Oklahoma service. The disability benefit is equal to 2% of final average compensation for the applicable years of credited service.
- Upon separation from the System, members' contributions are refundable with interest based on certain restrictions provided in the plan, or by the IRC.
- Members may elect to make additional contributions to a tax-sheltered annuity program up to the exclusion allowance provided under the IRC under Section 403(b).

Contributions—The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute, amended by the Oklahoma Legislature, and are not based on actuarial calculations. Employees are required to contribute 7% percent of their annual pay. Participating employers are required to contribute 9.5% of the employees' annual pay and an additional 7.70% for any employees' salaries covered by federal funds. A portion of the contributions received by OTRS are allocated to the supplemental health insurance program; see Note 10. Contributions to the pension plan from the University were \$870,735 for the year ended June 30, 2019. The State of Oklahoma also made on-behalf contributions to OTRS, of which \$472,908 was recognized by the University; these on-behalf payments did not meet the criteria of a special funding situation.

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension—At June 30, 2019, the University reported a liability of \$8,983,507 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018. The University's proportion of the net pension liability was based on the University's contributions received by the pension plan relative to the total contributions received by the pension plan for all participating employers for the year ended June 30, 2018. Based upon this information, the University's proportion was 0.1486%.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### Oklahoma Teachers' Retirement System, Continued

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension, Continued—

For the year ended June 30, 2019, the University recognized pension expense of \$747,956. At June 30, 2019, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	rred Outflows Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	620,988
Changes of assumptions	842,171	460,131
Net difference between projected and actual earnings on pension plan investments	-	156,162
Changes in University's proportionate share of contributions	9,651	223,403
Differences between University contributions and proportionate share of contributions	344,545	-
University contributions subsequent to the measurement date	 870,735	
	\$ 2,067,102	1,460,684

The \$870,735 reported as deferred outflows of resources related to pension resulting from University contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2020	\$ 316,942
2021	124,014
2022	(426,331)
2023	(261,512)
2024	 (17,430)
	\$ (264,317)

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (9) <u>EMPLOYEE RETIREMENT PROGRAMS, CONTINUED</u>

#### Oklahoma Teachers' Retirement System, Continued

Actuarial Assumptions—The total pension liability as of June 30, 2019, was determined based on an actuarial valuation prepared as of June 30, 2018, using the following actuarial assumptions:

- Actuarial cost method—Entry Age Normal
- Inflation—2.50%
- Future Ad Hoc cost-of-living increases—None
- Salary increases—Composed of 3.25% wage inflation, including 2.50% price inflation, plus a service-related component ranging from 0.00% to 8.00% based on years of service.
- Investment rate of return—7.50%
- Retirement age—Experience-based table of rates based on age, service, and gender.
   Adopted by the Board in May 2015 in conjunction with the 5-year experience study for the period ending June 30, 2014.
- Mortality rates after retirement—Males: RP-2000 Combined Healthy Mortality Table for Males with White Collar Adjustments. Generational mortality improvements in accordance with Scale BB from table's base year of 2000. Females: GRS Southwest Region Teacher Mortality Table, scaled at 105%. Generational mortality improvements in accordance with Scale BB from the table's base year of 2012.
- Mortality rates for active members—RP-2000 Employee Mortality tables, with male rates multiplied by 60% and female rates multiplied by 50%.

The target asset allocation and best estimates of arithmetic expected real rates of return for each major asset class as of June 30, 2018, are summarized in the following table:

		Long-Term
	Target Asset	Expected Real
Asset Class	<u>Allocation</u>	Rate of Return
Domestic equity	38.50%	7.50%
International equity	19.00%	8.50%
Fixed income	23.50%	2.50%
Real estate*	9.00%	4.50%
Alternative assets	<u>10.00</u> %	6.10%
	100.00%	
	100.00 /0	

<sup>\*</sup>The real estate total expected return is a combination of U.S. Direct Real Estate (unleveraged) and U.S. Value Added Real Estate (unleveraged).

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (9) <u>EMPLOYEE RETIREMENT PROGRAMS, CONTINUED</u>

#### Oklahoma Teachers' Retirement System, Continued

Discount Rate—A single discount rate of 7.50% was used to measure the total pension liability as of June 30, 2018. This single discount rate was based solely on the expected rate of return on pension plan investments of 7.50%. Based on the stated assumptions and the projection of cash flows, the pension plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The projection of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels and remain a level percentage of payrolls. The projection of cash flows also assumed that the State's contribution plus the matching contributions will remain a constant percent of projected member payroll based on the past 5 years of actual contributions.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate—The following presents the net pension liability of the University calculated using the discount rate of 7.50%, as well as what the University's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.50%) or 1 percentage point higher (8.50%) than the current rate:

	19		Current Discount Rate (7.50%)	1% Increase (8.50%)
The University's net pension liability	\$	12,774,006	8,983,507	5,810,219

*Pension Plan Fiduciary Net Position*—Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of OTRS, which can be obtained at www.ok.gov/TRS.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (10) OTHER POSTEMPLOYMENT BENEFIT PLANS

The University participates in one employee OPEB plan as follows:

Name of Plan/System

Type of Plan

Supplemental Health Insurance Plan (OTRS)

Cost Sharing Multiple Employer— Defined Benefit Plan

#### **Supplemental Health Insurance Plan (OTRS)**

*Plan Description*—The University as the employer, participates in the Supplemental Health Insurance Plan—a cost-sharing multiple-employer defined benefit OPEB plan administered OTRS. Title 74 O.S. Sec. 1316.3 defines the health insurance benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at www.ok.gov/TRS.

Benefits Provided—OTRS pays a medical insurance supplement to eligible members who elect to continue their employer provided health insurance. The supplement payment is between \$100 and \$105 per month, remitted to the Oklahoma Higher Education Employee Interlocal Group (OKHEEI), provided the member has ten (10) years of Oklahoma service prior to retirement.

Contributions—Employer and employee contributions are made based upon the OTRS Plan provisions contained in Title 70, as amended. However, the statutes do not specify or identify any particular contribution source to pay the health insurance subsidy. Based on the contribution requirements of Title 70, employers and employees contribute a single amount based on a single contribution rate as described in Note 9; from this amount, OTRS allocates a portion of the contributions to the supplemental health insurance plan. The cost of the supplemental health insurance plan averages 0.14% of normal cost, as determined by an actuarial valuation for 2019. Contributions allocated to the OPEB plan from the University were \$5,873.

OPEB Asset, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB—At June 30, 2019, the University reported an asset of \$96,054 for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of June 30, 2018, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2018. The University's proportion of the net OPEB asset was based on the University's contributions received by the OPEB plan relative to the total contributions received by the OPEB plan for all participating employers as of June 30, 2018. Based upon this information, the University's proportion was 0.1486%.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (10) OTHER POSTEMPLOYMENT BENEFIT PLANS, CONTINUED

#### Supplemental Health Insurance Plan (OTRS), Continued

OPEB Asset, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB, Continued—

For the year ended June 30, 2019, the University recognized OPEB benefit of \$11,150. At June 30, 2019, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Out	eferred tflows of	Deferred Inflows of
Differences between expected and actual experience	\$	esources -	<u>Resources</u> 26,766
Net difference between projected and actual earnings on OPEB plan investments		-	39,794
Changes in University's proportionate share of contributions		276	-
Differences between University contributions and proportionate share of contributions		9,228	-
University contributions subsequent to the measurement date		5,873	
	\$	15,377	66,560

The \$5,873 reported as deferred outflows of resources related to OPEB resulting from University contributions subsequent to the measurement date will be recognized as an increase to the net OPEB asset in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	
2019	\$ (15,951)
2020	(15,951)
2021	(15,951)
2022	(6,862)
2023	(2,059)
Thereafter	 (282)
	\$ (57,056)

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (10) OTHER POSTEMPLOYMENT BENEFIT PLANS, CONTINUED

#### Supplemental Health Insurance Plan (OTRS), Continued

Actuarial Assumption—The net OPEB asset as of June 30, 2019, was determined based on an actuarial valuation prepared as if June 30, 2018, using the following actuarial assumptions:

- Actuarial cost method—Entry Age Normal
- Inflation—2.50%
- Future Ad Hoc cost-of-living increases—None
- Salary increases—Composed of 3.25% inflation, including 2.50% price inflation, plus a service-related component ranging from 0.00% to 8.00% based on years of service.
- Investment rate of return—7.50%
- Retirement age—Experience-based table of rates based on age, service, and gender.
   Adopted by the Board in May 2015 in conjunction with the 5-year experience study for the period ending June 30, 2014.
- Mortality rates after retirement—Males: RP-2000 Combined Healthy Mortality Table
  for males with White Collar Adjustments. Generational mortality improvements in
  accordance with Scale BB from table's base year of 2000. Females: GRS Southwest
  Region Teacher Mortality Table, scaled at 105%. Generational mortality improvements
  in accordance with Scale BB from the table's base year of 2012.
- Mortality rates for active members—RP-2000 Employer Mortality tables, with male rates multiplied by 60% and female rates multiplied by 50%.
- Healthcare Cost Trend Rate—not applicable as the benefit provided is a set dollar amount not impacted by healthcare costs.

Sensitivity of the Net OPEB Asset to Changes in the Discount Rate—The following presents net OPEB asset of the University calculated using the discount rate of 7.50%, as well as what the University's net OPEB asset would be if it were calculated using a discount rate that is 1 percentage point lower (6.50%) or 1 percentage point higher (8.50%) than the current rate:

	1% Decre (6.50%)			
The University's net OPEB asset	\$	(33,736)	(96,054)	(149,304)

*OPEB Plan Fiduciary Net Position*—Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial report of OTRS, which can be obtained at <a href="https://www.ok.gov/TRS">www.ok.gov/TRS</a>.

#### (11) <u>COMMITMENTS AND CONTINGENCIES</u>

#### **Grants and Contracts**

The University participates in certain federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes disallowances, if any, will not be material.

The University participates in the Federal Direct Student Loans Program ("Direct Loan Program"). The Direct Loan Program requires the University to draw down cash from the U.S. Department of Education, as well as perform certain administrative functions. Failure to perform such functions may require the University to reimburse the U.S. Department of Education. For the year ended June 30, 2019, approximately \$2,598,000 of Direct Loan Program loans were provided to students of the University.

#### **Others**

The University has commitments for outstanding purchase orders at June 30, 2019, in the amount of approximately \$691,000.

During prior years, the University entered into certain service contracts which allowed for upfront payments to be made to the University. If the University terminates these contracts early, the payments must be refunded to the service provider on a pro rata basis.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### (12) RISK MANAGEMENT

The University is exposed to various risks of loss from torts; theft of, damage to and destruction of assets; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, life and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters other than torts, property, and workers' compensation. Settled claims have not exceeded this commercial coverage in any of the 3 preceding years.

The University, along with other state agencies and political subdivisions, participates in the State of Oklahoma Risk Management Program and the State Insurance Fund (public entity risk pools currently operating as a common risk management and insurance program for its members). The University pays an annual premium to the pools for its torts, property, and workers' compensation insurance coverage. The governing agreement for the Oklahoma Risk Management Pool specifies that the pool will be self-sustaining through member premiums and will reinsure through commercial carriers for claims in excess of specified stop-loss amounts.

The University also participates in the College Association of Liability Management (CALM) Workers' Compensation Plan for its workers' compensation coverage. CALM is an interlocal cooperative act agency that was organized to provide workers' compensation insurance coverage for participating colleges and universities through CompSource. CALM is a political subdivision of the State of Oklahoma and is governed by a board of trustees elected from members of the participating colleges and universities.

#### (13) SERVICE CONCESSION ARRANGEMENTS

The University has contracted with outside vendors to provide for certain auxiliary services related to food service and bookstore operations in order to provide these services more efficiently and in a more cost effective manner. Advance contract payments of \$100,000 are recorded as deferred inflows on the statements of net position. The food service contract is for 10 years and is being amortized over 8 years at \$50,000 per year. Upon early cancellation, the unamortized portion of each contract is refundable to the vendor. Additional rights and obligations concerning facility maintenance, equipment, inventories, rates, and other operating or cancellation provisions are specified in each contract.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (14) UNIVERSITY OF SCIENCE AND ARTS OF OKLAHOMA FOUNDATION, INC.

The following are significant disclosures of the Foundation as included in the Foundation's June 30, 2019, financial statements:

#### **Organization and Nature of Activities**

The Foundation was formed and incorporated on April 21, 1977, as a charitable tax-exempt corporation under IRC Section 501(c)(3). The Foundation is also publicly supported under Sections 509(a)(1) and 170(b)(A)(vi) and donors may deduct the contributions they provide under Section 170 and Sections 2055, 2106, and 2522. The purpose of the Foundation is to receive and manage gifts and gift-related income for the benefit of the University.

#### **Basis of Accounting**

The financial statements of the Foundation have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

#### **Inventories**

Inventories are stated at the lower of cost or market. At year-end, the inventory consisted of donated jewelry to be sold.

#### **Cash and Cash Equivalents**

The Foundation considers cash and cash equivalents to be funds deposited in the checking, savings, and money market accounts. These accounts are readily accessible and liquid. Certificates of deposit and treasury bills/notes are not considered cash or cash equivalent for purpose of the cash flow analysis, though they are highly liquid and the principal is protected.

#### **Investments**

The Foundation carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the statements of financial position. Investment return is comprised of interest, dividends, realized gains and losses, and changes in the fair market value of assets, less trustee fees.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (14) UNIVERSITY OF SCIENCE AND ARTS OF OKLAHOMA FOUNDATION, INC., CONTINUED

#### Minerals

Minerals are recorded at estimated fair market value based on Oklahoma Estate Tax Regulations for valuing oil and gas minerals. Annual income is multiplied by 7 years to value gas and by 4 years to value oil-producing properties.

#### **Promises to Give**

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses, depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

#### **Public Support and Revenue**

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Endowment contributions and investments are permanently restricted by the donor. Investment earnings available for distribution are recorded in net assets without donor restrictions. Investment earnings with donor restrictions are recorded in net assets with donor restrictions based on the nature of the restrictions

#### **Income Tax Status**

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the IRC and applicable state law.

The standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the Foundation may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by tax authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Foundation and various positions related to the potential sources of unrelated business income tax. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no recognized tax benefits identified or recorded as liabilities for the fiscal year ended June 30, 2019.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (14) UNIVERSITY OF SCIENCE AND ARTS OF OKLAHOMA FOUNDATION, INC., CONTINUED

#### **Income Tax Status, Continued**

The Foundation files its Form 990s in the U.S. federal jurisdiction and with the Oklahoma Tax Commission. The Foundation is generally no longer subject to examination by the Internal Revenue Service for years before 2016.

However, income from certain activities (if any) not directly related to the Foundation's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

#### **Investments**

Investments are reported at fair value, as discussed in the Financial Instruments note. At June 30, 2019, the investments consisted of the following:

#### Funds Invested for USAO Alumni Association

The Foundation received \$100,000 from the University's Alumni Association to be invested by the Foundation, subject to their investment policies. The earnings and gains or losses, realized or unrealized, are recorded by the Foundation as restricted for the University's Art Museum per donor intent. The \$100,000 is the Alumni Association's funds and will be returned to them at their discretion and, accordingly, is recorded as a liability by the Foundation. As of June 30, 2019, this investment had grown to \$162,522.

#### Classification of Investment Return

The following schedule summarizes the investment return and its classification in the statements of activities for the year ended June 30, 2019.

	Without Donor Restrictions		With Donor Restrictions	<u>Total</u>
Royalties/lease bonus Interest and dividends Unrealized (losses) gains	\$	41,904 53,072 (1,176,396)	377,132 477,650 675,163	419,036 530,722 (501,233)
	\$	(1,081,420)	1,529,945	448,525

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (14) UNIVERSITY OF SCIENCE AND ARTS OF OKLAHOMA FOUNDATION, INC., CONTINUED

#### **Investments, Continued**

#### Classification of Investment Return, Continued

The Foundation's investments are distributed as follows:

Annuities	\$ 63,187
Money market funds	856,063
Mutual funds	2,024,589
Minerals	2,682,375
Equities	10,722,004
Real estate	1,095,751
Fixed income securities	 8,577,780

\$ 26,021,749

#### **Investment Return Allocation**

Investment return allocation to net assets by fund balance is calculated at year-end. Management has allocated realized earnings, net of expenses, and not the unrealized losses. As per adopted policy, which follows the Financial Accounting Standards Board (FASB) *Accounting Standard Codification* (ASC), the losses on the investments of a donor-restricted endowment fund shall reduce net assets with donor restrictions.

The current boards' spending policy of endowed funds is to maintain a formal reserve of 20% of total earnings on endowed funds. Disbursement of informal reserves in excess of 80% of annual total return requires board approval. Also, upon board approval, policy allows up to 1% of investment return on the endowed funds to be allocated to general; unrestricted. In the current fiscal year, the board elected to not transfer earnings on endowed funds to unrestricted.

#### **Basis of Presentation**

The financial statement presentation follows the recommendation of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (ASU No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Organizations*). Under FASB ASU No. 2016-14, the Foundation is required to report information regarding its financial position and activities according to 2 classes of net assets; without donor restrictions and with donor restrictions. As of June 30, 2019, the Foundation had net assets without donor restrictions and with donor restrictions.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (14) UNIVERSITY OF SCIENCE AND ARTS OF OKLAHOMA FOUNDATION, INC., CONTINUED

#### **Endowment Funds**

The Foundation's endowment consists of individual funds established for student scholarships and other support to the University. Its endowment includes donor-restricted funds and funds designated by the Board of Trustees to function as endowments. As required by generally accepted accounting principles, net asset as associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absences of donor-imposed restrictions.

The Board of Trustees of the Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a time restriction in perpetuity) (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Investment earnings from the donor-restricted endowment are classified as net assets with donor restrictions (a purpose restriction) until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the donor-stipulated purpose within the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purpose of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

#### **Investment Return Objectives, Risk Parameters and Strategies**

The Foundation has adopted investment and spending policies, approved by the Board of Trustees, that attempt to earn a total return within prudent levels of risk to maintain purchasing power and support the defined spending policy. The long-term objective is to preserve the real (inflation adjusted) purchasing power of endowment assets and other long-term assets as well as generate capital appreciation, after accounting for endowment spending inflation, and costs of fund management, both internal and external. The long-term target minimum annual return shall be 6%. Actual returns in any given year may vary from this amount. Accordingly, the risk level of the entire fund should be moderate based on a balanced portfolio of high-quality investments.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (14) UNIVERSITY OF SCIENCE AND ARTS OF OKLAHOMA FOUNDATION, INC., CONTINUED

#### **Spending Policy**

Annually, not more than 80% of earnings based on a rolling 3-year average, net of any fees, of any one endowment shall be spent unless otherwise indicated by donor restriction.

#### **Donated Services and Property**

The Foundation receives a significant amount of donated services from unpaid volunteers who assist in fundraising and special projects. Only amounts that meet the criteria for recognition under FASB's ASC have been recognized in the statement of activities. During the current fiscal year, the Foundation received and recorded advertising and other services of \$94,640. This donation primarily reflects the University's "in-kind" donation of personnel, services, and infrastructure in payment for the Foundation receiving and managing gifts and gift-related income on behalf of the University.

#### Oklahoma State Regents for High Education

The Oklahoma State Regents for Higher Education holds for the University endowed gifts totaling \$3,385,661, of which \$298,153 was available for distribution. These are matched by Foundation endowed funds. The University is the sole beneficiary and the funds are placed in the State Regents Agency Special Account. Any earnings distributed are to be used for the University's activities associated with the endowment program. The amounts held by the State Regents are not recorded on the Foundation's books unless received by the Foundation.

#### **Related Party**

The Foundation was established to receive and manage gift and gift-related income for the benefit of the University. Scholarships are given to students to attend the University. Also, instruction-related support is provided in various curriculum areas. In addition, the University's personnel provide accounting and administrative services for the Foundation.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (14) UNIVERSITY OF SCIENCE AND ARTS OF OKLAHOMA FOUNDATION, INC., CONTINUED

#### **Collections**

The Foundation's practice for donated collections of works of art, historical treasures, or assets of a similar nature is to not capitalize or recognize the fair market value of the donated item if the item meets the following criteria:

- Held for exhibit to the public, for educational purposes, or for research in furtherance of public service and not for financial gain.
- Protected, cared for, and preserved.
- Subject to a policy requiring any proceeds from the sale of collection items to be invested in other collection items.

Currently, the major collections have an estimated value of approximately \$365,220. The Foundation has a qualified art collection administrator to account for collections donated and ensure proper protection, care, and preservation.

#### **Financial Instruments**

#### Concentration of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

The Foundation maintains cash balances at several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC). At June 30, 2019, the Foundation had no uninsured balances.

The Foundation's investments held by various bank trust departments and investment firms are insured by Securities Investor Protection Corporation (SIPC) and FDIC. The Foundation is insured up to \$250,000 per account for funds deposited in a commercial bank by the FDIC. The Foundation is insured up to \$500,000 for securities and cash in a brokerage account, however, cash deposits are limited to \$250,000 of coverage. SIPC only protects the custody function of the brokerage, which means SIPC works to restore to customers their securities and cash that are in their accounts when a brokerage firm is liquidated. SIPC does not protect against the decline in value of securities.

#### NOTES TO FINANCIAL STATEMENTS, CONTINUED

## (14) UNIVERSITY OF SCIENCE AND ARTS OF OKLAHOMA FOUNDATION, INC., CONTINUED

#### Fair Value Measurements on a Recurring Basis

Fair values of assets measured on a recurring basis at June 30, 2019, are as follows:

		Quoted Prices in	Significant	Significant
		Active Markets for	Other	Unobservable
		Identical Assets	Observable Inputs	Inputs
	Fair Value	<u>(Level 1)</u>	(Level 2)	<u>(Level 3)</u>
Loans	\$ 12,311		12,311	
Investments	\$ 26,021,749	22,180,635	-	3,841,114

#### **Subsequent Events**

Subsequent events for the Foundation were evaluated by management through October 11, 2019, which is the date the financial statements were available to be issued.

#### **Commitments and Contingencies**

Grants and bequests require fulfillment of certain conditions as set forth in the instrument of the grant. Failure to fulfill the conditions could result in the return of the funds to grantors. Although that is a possibility, the Board deems this contingency remote. Since accepting the gifts and their terms, it has accommodated the provisions of the gifts.

#### **Availability of Resources and Liquidity**

The Foundation has \$22,686,685 of financial assets available within 1 year of the balance sheet date to meet cash needs for general expenditure consisting of cash of \$442,762 and investments of \$22,243,623. Donor restrictions apply to \$17,532,128 of the \$22,686,685. The Foundation has a goal to maintain financial assets, which consist of cash and short-term investments, on hand to meet 60 days of normal operating expenses, which are, on average, approximately \$29,424. The Foundation has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

#### (15) SUBSEQUENT EVENTS

Management performed an evaluation of the University's activities through October 30, 2019, the audit report date, and has concluded that there are no significant subsequent events requiring disclosure through that date.

## INFORMATION REQUIRED BY GOVERNMENT AUDITING STANDARDS AND THE UNIFORM GUIDANCE

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Regents University of Science and Arts of Oklahoma Chickasha, Oklahoma

We have audited the financial statements of the University of Science and Arts of Oklahoma (the "University"), a component unit of the State of Oklahoma, which comprise the statements of net position as of June 30, 2019, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 30, 2019. We conducted our audit in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our report includes a reference to the financial statements of the University of Science and Arts of Oklahoma Foundation, Inc. (the "Foundation"), the University's discretely presented component unit, as described in our report on the University's financial statements. The financial statements of the Foundation were audited by other auditors and were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Foundation. Our report includes a paragraph disclaiming an opinion on required supplementary information.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

(Continued)

INDEPENDENT AUDITORS' REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, CONTINUED

#### **Internal Control Over Financial Reporting, Continued**

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Finley + Cook, PLLC

Shawnee, Oklahoma October 30, 2019

#### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Regents University of Science and Arts of Oklahoma Chickasha, Oklahoma

#### Report on Compliance for Each Major Federal Program

We have audited the University of Science and Arts of Oklahoma's (the "University") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2019. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of the University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University's compliance.

(Continued)

#### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE, CONTINUED

#### Opinion on Each Major Federal Program

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

#### **Report on Internal Control Over Compliance**

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended June 30, 2019

#### (1) BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the University of Science and Arts of Oklahoma (the "University) under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles*, and *Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net position, or cash flows of the University.

#### (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The University elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance for the year ended June 30, 2019.

#### (3) FEDERAL DIRECT STUDENT LOANS PROGRAM

Under the Federal Direct Student Loans Program ("Direct Loan Program"), the U.S. Department of Education makes loans to enable a student or parent to pay the costs of the student's attendance at a postsecondary school. The Direct Loan Program enables an eligible student or parent to obtain a loan to pay for the student's cost of attendance directly from the U.S. Department of Education rather than through private lenders. The University administers the origination and disbursement of the loans to eligible students or parents. The University is not responsible for the collection of these loans.

#### (4) LOANS OUTSTANDING

The University had the following loan balances outstanding at June 30, 2019. During the year ended June 30, 2019, the University did not issue any new Perkins loans.

	Federal CFDA	F	Amount
Cluster/Program Title	Number	<u>Outstanding</u>	
Federal Perkins Loan Program	84.038	\$	70,247

#### (5) **SUBRECIPIENTS**

The University provided no federal awards to subrecipients during the year ended June 30, 2019.

#### SCHEDULE OF STATE AWARDS
