SECTION 2: Sigma Psi Omega is philanthropic sorority on campus that provides sisterhood, service, community to the University of Science and Arts of Oklahoma. The demand for recycling bins on campus has been increasingly overwhelming that it would be beneficial to have bins in more locations, in hopes to alleviate the school's carbon footprint. Sigma Psi Omega has had two offices specifically ask for a recycling bin. The sorority's overall hope is to be able to have a recycling bin in every building on campus. Sigma Psi Omega is asking for financial assistance to provide four more recycling bins.

41 42 SECTION 3: The Student Government Association would give Sigma Psi Omega two hundred and fifty dollars which will be used to buy recycling bins that will be distributed through out the campus bearing the Sigma Psi Omega letters. Upon receiving the two hundred and fifty dollars, Sigma Psi Omega would then order the four recycling bins from ULINE.com. The recycling bins would be ordered during the fall semester of 2019. They would be put out on campus no later than the Spring semester of 2020. Sigma Psi Omega is willing to send out an email to the student body informing them of the Student Government Association's help funding this project. However, Sigma Psi Omega would not want to have the Student Government Association's name physically on the recycling bins for two reason. Reason number one, the new bins would have the brand on them, the old ones won't. Sigma Psi Omega would put their letters on the bins as stated previously. The second reason is, Sigma Psi Omega is incharge of taking out the recycling. Upon putting the recycling bins out, the sorority would update the student body on where the new bins will be placed. As of right now, one will go in the Business office, on the second floor of Troutt Hall. Another one will go in the English Department, on the second floor of Davis. Where the other two would go is still up for debate, but more than likely the other bins would go somewhere in Austin Hall and the Student Center.
